

MENDEZ FOUNDATION

Too Good for Drugs *Grade 1* **Home Workout**

for Parents and Kids

Today we heard a story about Carmen, the Curious Cat. We learned that it can be harmful to smell strong chemicals like paint, household cleaners and gasoline. Ask your child what he/she is curious about. Ask your child to tell you what Carmen does when she smells strong chemicals.

1. _____ a window.
2. _____ the room.
3. _____ an adult.

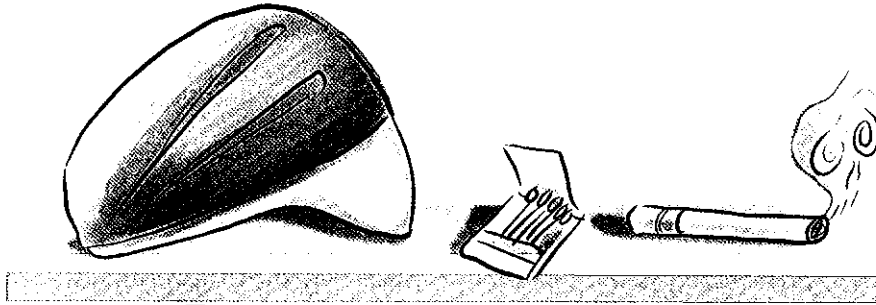

MENDEZ FOUNDATION

Too Good for Drugs Grade 1 Home Workout

for Parents and Kids

We are learning about things that are safe and unsafe for children. You can help by doing the activity below with your child.

Directions: Circle the safe things on each shelf. Count the safe things on each shelf and write the number in the box at the end of the shelf. Then add the numbers in the boxes. How many safe things can you find?

How many safe things did you find?
